SECTION ONE

KEY INFORMATION SUMMARY

WHAT IS THIS?

This is a Managed Investment Scheme. Your money will be pooled with other investors' money and invested in various investments. Whai Rawa Fund Limited (WRFL, we or us) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of WRFL and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

WHAT WILL YOUR MONEY BE INVESTED IN?

The Whai Rawa Unit Trust (the Scheme) offers three funds (Funds) for you to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at *Section Three 'Description of your investment options'*.

* Of the Fund's net asset value.

¹ Each Fund invests in one of the socially responsible fund portfolios within Mercer Investment Trusts New Zealand to gain exposure to the desired mix of investments.

² A mix of composite index returns and actual returns have been used to fill in the risk indicators for the Matai-Balanced and Rātā-Growth Funds, as these Funds have not been in operation for five years. Composite index returns have been used for the period from 30 September 2016 to 29 February 2020, and actual returns have been used from 1 March 2020 to 30 September 2021. As a result of those returns being used, the risk indicators may provide a less reliable indicator of the potential future volatility of those Funds. Additional information about the composite indices is available on www.disclose-register.companiesoffice.govt.nz.

WHO MANAGES THE WHAI RAWA UNIT TRUST?

WRFL is the Manager of the Scheme. See *Section Seven 'Who is involved?'* for more information.

HOW CAN YOU GET YOUR MONEY OUT?

You can get your money out of the Scheme:

- » to help finance your tertiary education;
- » to purchase your first house in which you intend to reside; and
- » from age 55, for the purposes of retirement.

You may also be able to withdraw some or all of your money in the case of financial hardship or death, or make transfers from one Member's Account to another Member's Account. Your investment in the Scheme cannot be sold to anyone else, although it may be transferred to other Members in accordance with the Trust Deed. Copies of the Trust Deed are available from WRFL or viewable on the Disclose Register www.disclose-register.companiesoffice.govt.nz.

Your investment is not otherwise redeemable. See *Section Two 'How does this investment work?'* for more information about how you can get your money out and limits that apply.

HOW WILL YOUR INVESTMENT BE TAXED?

The Scheme is a Portfolio Investment Entity (PIE). The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (PIR). This can be 10.5%, 17.5%, or 28%.

Te Rūnanga o Ngāi Tahu (Te Rūnanga) contributions are taxed according to your Retirement Scheme Contribution Tax (RSCT) rate.

This can be 10.5%, 17.5%, 30%, 33% or 39%, with the tax payable deducted by Te Rūnanga from its contributions and paid to Inland Revenue on your behalf.

See *Section Six 'What Taxes Will You Pay?'* on page 11 for more information.

WHERE CAN YOU FIND MORE KEY INFORMATION?

WRFL is required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year.

The latest Fund Updates are available at www.whairawa.com/publications. WRFL will also give you copies of those documents on request. Important information for Australian investors is set out on page 13 of this PDS.

SECTION TWO

HOW DOES THIS INVESTMENT WORK?

SIGNIFICANT FEATURES OF THE SCHEME

The Scheme is a registered Managed Investment Scheme under the Financial Markets Conduct Act 2013 (FMCA).

It is an investment scheme that encourages Ngāi Tahu whānui members to save and invest for key life goals of tertiary education, home ownership and retirement and by doing so improve their long-term wealth and wellbeing. Except for these permitted withdrawals, no distributions are made from the Scheme. See *Section Two* for more information about how you can get your money out.

WRFL will accept applications from any person who is resident in New Zealand or Australia and is registered as a Tribal Individual with Te Rūnanga.

A person who is not yet a Registered Tribal Individual but has applied for registration can apply to become a Provisional Member of the Scheme provided that person complies with the terms of approval for Te Rūnanga. As the Scheme is a multi-rate PIE, if you do not provide your New Zealand IRD number or overseas equivalent tax file number within six weeks of applying, we will not be able to complete your application. Te Rūnanga supports Whai Rawa Members to save for key life goals by meeting the administrative costs of Members, and providing most Members with Matched Savings and, potentially, Distributions (dependent year-to-year on the budget for Te Rūnanga.) See *Section Five* for more information about fees, and *Section Two* for more information about Distributions and Matched Savings. There is no guarantee or entitlement to any Matched Savings or Distributions from Te Rūnanga. These are entirely discretionary.

NATURE OF YOUR INTERESTS

You invest in the Scheme by purchasing units in a Fund. Each Member has their own account which is divided into units representing their interests in a relevant Fund (an "Account"). No Member acquires any legal right or interest in the underlying investments of the Scheme or its Funds. There are different types of memberships offered within the Scheme – Child (Tamariki) Members, Corporate Members, Elective Members, Provisional Members and Participating Members or Members who have voluntarily de-registered as Tribal Individuals – see the 'Other Material Information' (OMI) document available on the Disclose Register at www.disclose-register.companiesoffice.govt.nz (offer number OFR10857).

An Account will only be established when the minimum contribution amount for a unit is received. There is currently no minimum contribution required.

STRUCTURE OF THE SCHEME

The Scheme is governed by a Trust Deed between WRFL, Te Rūnanga and Trustees Executors Limited ("Supervisor" of the Scheme). The Scheme currently offers three Funds – Tōtara-Conservative, Mataī-Balanced, and Rātā-Growth. You can choose to invest 100% in any one of the Funds. We recommend you seek financial advice to help you make a decision. If you do not select a Fund, your contributions will be invested in the Mataī-Balanced Fund.

Members' Accounts are not segregated into separate trusts or trust funds. Any contributions to your Account made by you, Te Rūnanga, or any Third Parties, accumulate together with any investment returns from your chosen Fund. These accumulated amounts fund your withdrawals. In the unlikely event the assets of a Fund are insufficient to meet its liabilities, the assets of the other Funds may be applied to meet those liabilities.

MAKING INVESTMENTS

MEMBER CONTRIBUTIONS

You choose the amount you wish to invest in the Scheme. You are not required to invest any money.

Currently, there is no minimum contribution amount but WRFL may specify one in the future. Go to www.whairawa.com for more information (including available payment options).

TE RŪNANGA O NGĀI TAHU CONTRIBUTIONS

Te Rūnanga may contribute to Members' Accounts each calendar year. The contribution may comprise Matched Savings and/or a Distribution. The level of contribution may differ between years, classes of Member, and/or Members within a class. Te Rūnanga may cease or reduce contributions at any time. Corporate Members, Elective Members and Members who have voluntarily de-registered as a registered Tribal Individual are not eligible for Te Rūnanga contributions.

Whai Rawa Unit Trust is registered under the Income Tax Act 2007 as a Retirement Savings Scheme. Under this, Te Rūnanga contributions are subject to RSCT withheld at the rate declared by the Member or the default rate (39%) if none is declared. A concessionary RSCT rate of 10.5% is available for non-New Zealand residents who provide a New Zealand IRD number (or where the contributions are \$200 or less per tax year).

MATCHED SAVINGS³

Matched Savings will only be made where contributions to the Scheme have been made in respect of the Member during the previous Calendar Year. If a Member (Transferor Member) transfers funds which were eligible for Matched Savings to a second Member, the Matched Savings will be credited to the Transferor Member.

If Te Rūnanga determines to pay Matched Savings they will be payable as follows; Te Rūnanga will pay Matched Savings during the Calendar Year from 1 January to 31 December on the following basis:

- » A Tamariki Member* will be entitled to \$4 in Matched Savings for every dollar contributed in respect of them (other than a transfer from another Member) in the Calendar Year, up to a maximum Matched Savings contribution of \$200 per Tamariki Member.
- » A Corporate Member, Elective Member, Provisional Member³ or a Member who has voluntarily de-registered as a Registered Tribal Individual* will not receive any Matched Savings.

- » All other Members* eligible for Matched Savings will be entitled to \$1 in Matched Savings for every dollar contributed in respect of them (other than a transfer from another Member) in the Calendar Year, up to a maximum Matched Savings contribution of \$200 per Member.
- » This Matched Savings arrangement applies to contributions made in 2021 and 2022, but may change in future years.

DISTRIBUTIONS³

Te Rūnanga may from time to time contribute sums in addition to the Matched Savings. The Distribution process, the amount of Distribution and the terms and conditions of Distributions may differ between Calendar Years, classes of Member and/or Members within a class. Distributions are not certain; some years Distributions may not be made at all. For more information on anticipated future Distributions, please refer to the OMI document available on the Disclose Register.

Currently, any Member who on 31 December in any Calendar Year is a Corporate Member, Elective Member, Provisional Member or a Member who has voluntarily deregistered as a Registered Tribal Individual will not receive any Distribution.

NEWBORN DISTRIBUTION

Any Registered Tribal Individual who, during the Calendar Year, becomes a Tamariki Member before their first birthday, will receive a \$100 Distribution payment by no later than 31 March in the Calendar Year following enrolment.

THIRD PARTY CONTRIBUTIONS

Anyone may make a contribution to a Member if they satisfy any terms and conditions set by WRFL. There may be legal or tax consequences, so anyone intending to make a third party contribution should seek advice on those potential consequences.

TRANSFERRING CONTRIBUTIONS BETWEEN MEMBERS

A Transferor Member may transfer part or all of their Account balance to any other Member's (other than a Provisional Member's) Account. WRFL may decline to register any transfer where the Member receiving it is entitled to make a withdrawal or where WRFL considers the transfer is being made for the purpose of avoiding the restrictions on Withdrawals.

WRFL may impose terms and conditions on any transfer, subject to applicable legal restrictions. Note that transfers from one Member to another do not attract additional Matched Savings.

* As at 31 December.

³ Provisional Members are not entitled to Matched Savings or Distributions. However, once a Provisional Member becomes a Participating or Tamariki Member upon being confirmed as a Registered Tribal Individual, WRFL will allocate to the Member any Matched Savings and/or Distributions to which the Member would have been entitled had the Member been confirmed as a Registered Tribal Individual at the date of becoming a Provisional Member.

Minimum 3 years	Minimum 8 years	Minimum 10 years

The Scheme's investment objectives and policy consider environmental, social, and governance factors. The Scheme, where practical, will seek to minimise its investments in companies that are considered to be doing substantial and irreparable harm to society or the environment, provided the risk/return implications of excluding these companies are not expected to lead to significant financial detriment to you. Details of the Scheme's investment exclusions, which enable it to meet its socially responsible investment objectives, are set out in its Statement of Investment Policy and Objectives (SIPO).

The SIPO sets out the investment policies and objectives for each Fund. We may make changes to the SIPO from time to time, with the agreement of the Supervisor and without notifying you. See the Scheme's offer register at www.disclose-register.companiesoffice.govt.nz, or www.whairawa.com, or contact us for a copy of the current SIPO.

A summary of any material changes to the SIPO will be described in the Scheme's Annual Report. Further information about the assets in each Fund can be found in the Fund Updates at www.whairawa.com.

⁴ Each Fund invests in one of the socially responsible fund portfolios within Mercer Investment Trusts New Zealand in order to gain exposure to the desired mix of investments.

⁵ A mix of composite index returns and actual returns have been used to fill in the risk indicators for the Mataī-Balanced and Rātā-Growth Funds, as these Funds have not yet been in operation for five years. Composite index returns have been used for those Funds for the period from 30 September 2016 to 29 February 2020, and actual returns have been used from 1 March 2020 to 30 September 2021. As a result of those returns being used, the risk indicators may provide a less reliable indicator of the potential future volatility of those Funds. Additional information about the composite indices used is available on www.disclose-register.companiesoffice.govt.nz.

SECTION FOUR

WHAT ARE THE RISKS OF INVESTING?

UNDERSTANDING THE RISK INDICATOR

Managed Funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Potentially lower returns

Potentially higher returns

Refer to the table in *Section One* of the inside front cover for the filled-in risk indicator for each Fund.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of each Fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.whairawa.com/riskquiz.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading '*Other Specific Risks*') that are not captured by this rating.

This risk indicator is not a guarantee of a Fund's future performance. The risk indicator is based on the returns data for the five years to 30 September 2021. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest Fund Update for each Fund.

GENERAL INVESTMENT RISKS

Some of the things that may cause a Fund's value to move up and down, which affect the risk indicator, are investment portfolio and asset class risk, market risk, interest rate risk, and currency risk.

INVESTMENT RISK	DESCRIPTION
INVESTMENT PORTFOLIO AND ASSET CLASS RISK	Each Fund will be subject to the particular risks applying to the types of assets the Fund invests in. Funds with a higher concentration of growth assets generally have a higher level of risk.
MARKET RISK	Future economic and investment market conditions and global events (like a pandemic) may materially and adversely affect the performance of investment markets generally, including the Scheme's investments.
INTEREST RATE RISK	Movements in interest rates may adversely affect the price of funds' investments and impact returns. Cash and fixed interest funds can specifically be affected by these movements and it is possible for returns to be negative.
CURRENCY RISK	Where the Scheme invests outside of New Zealand, its returns may be affected by movements between the New Zealand dollar and foreign currencies.

OTHER SPECIFIC RISKS

There is a risk that Te Rūnanga might alter or withdraw the support it currently provides. Currently, Te Rūnanga pays all Scheme costs and expenses (except Underlying Fund Manager fees and expenses). It is expected this will continue – but this is not guaranteed. Each year Te Rūnanga may change the amount it contributes to the Scheme for Matched Savings or Distributions, or suspend or cease those contributions. If Te Rūnanga ceases to pay Scheme costs and expenses, the fees you pay will increase. If Te Rūnanga reduces, suspends, or ceases Matched Savings or Distributions, you will no longer benefit from those additional amounts.

Refer to the OMI document on the Scheme's offer register at www.disclose-register.companiesoffice.govt.nz for more information about risks.

SECTION FIVE

WHAT ARE THE FEES?

You will be charged fees for investing in the Scheme. Fees are deducted from your investment and will reduce your returns. If we invest in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- » Regular charges, for example – annual fund charges. Small differences in these fees can have a big impact on your investment over the long term; and
- » One-off fees (not currently charged for the Scheme). The Scheme's fees are as follows:

FUND	UNDERLYING FUND MANAGER FEE (% PER ANNUM)	UNDERLYING FUND MANAGER EXPENSES (ESTIMATED % PER ANNUM)	TOTAL ANNUAL FUND CHARGES (ESTIMATED % PER ANNUM)
TŌTARA-CONSERVATIVE FUND	0.44	0.06	0.50
MATAĪ-BALANCED FUND	0.62	0.14	0.76
RĀTĀ-GROWTH FUND	0.72	0.14	0.86

Performance based fees, other charges, and various individual action fees are not currently charged by the Scheme. The fee outlined above covers the following:

FEE	WHAT IT COVERS
ANNUAL FUND CHARGES	<p>The total annual fund charges are set out as a percentage of the net asset value of each Fund. They cover the Underlying Fund Manager's fee. They also include an estimate of Underlying Fund Manager expenses, as the Underlying Fund Manager is entitled to recover expenses incurred in operating the underlying funds in which the Scheme currently invests. There is no limit on the amount of expenses that can be recovered, but based on past years these expenses are not expected to exceed the estimates set out in the table above, including any underlying performance fees. The Underlying Fund Manager's fee may change from time to time with agreement from WRFL.</p> <p>The annual fund charges do not include the following expenses related to the Scheme, which are currently paid by Te Rūnanga:</p> <ul style="list-style-type: none"> » WRFL's costs and expenses » Administration Manager's fee » Supervisor's fee <p>See the OMI document on the Scheme's offer register at www.disclose-register.companiesoffice.govt.nz for more information.</p>

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

EXAMPLE OF HOW FEES APPLY TO AN INVESTOR

Aroha invests \$10,000 in the Mataī-Balanced Fund. The starting value of her investment is \$10,000. She is charged Management and Administration Fees in the underlying fund, which work out to about \$76.00 (0.76% of \$10,000). These fees might be more or less if her Account balance has increased or decreased over the year.

ESTIMATED TOTAL FEES FOR THE FIRST YEAR	
Individual action fees:	\$0
Fund charges:	\$76.00
Other charges:	\$0

See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Mataī-Balanced Fund. If you are considering investing in other Funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

THE FEES CAN BE CHANGED

We are entitled to alter charges (including increasing fees or introducing new fees) at any time. There are no limits on the charges that may be set. Details of the current charges are set out above and in the Annual Financial Statements of the Scheme. We must publish a Fund Update for each Fund showing the fees actually charged during the most recent year.

Fund Updates, including past updates, are available at www.whairawa.com/publications.

SECTION SIX

WHAT TAXES
WILL YOU PAY?

The Scheme is a Portfolio Investment Entity. The amount of tax you pay is based on your Prescribed Investor Rate (PIR). To determine your PIR, go to www.whairawa.com/my-account/tax. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell us your PIR when you invest, or if your PIR changes. If you do not tell us, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

Contributions made by Te Rūnanga to your Account are taxed under the Retirement Scheme Contributions Tax (RSCT) rules at a rate based on your income and/or whether you are a New Zealand resident (Te Rūnanga withholds this tax and pays it on your behalf). You must declare this rate to WRFL (using the flowchart included in the application form).

If you do not declare an RSCT rate, contributions from Te Rūnanga to you may (depending on the amount of the contributions made during the year) be taxed at the default rate of 39%. If you declare an incorrect rate you may have to pay further tax to Inland Revenue. Refer to the flowchart included in the application form or to www.whairawa.com/my-account/tax to work out your correct RSCT rate. RSCT rates (depending on other income/tax residency status) are 10.5%, 17.5%, 30%, 33% or 39%. It's important to declare the correct rate (and it is a legal requirement for all members to provide a New Zealand IRD number or overseas equivalent); it could make a big difference to your savings long term – or leave you with a tax bill. A concessionary RSCT rate of 10.5% is available for non-New Zealand residents who provide a New Zealand IRD number (or for any contribution that is \$200 or less).

See the OMI document on the Scheme's offer register at www.disclose-register.companiesoffice.govt.nz for more information about the tax consequences of an investment in the Scheme.

SECTION ELEVEN

IMPORTANT INFORMATION FOR AUSTRALIAN INVESTORS

- » This offer to Australian investors is a recognised offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 and Regulations. In New Zealand, this is Subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 of New Zealand and the Financial Markets Conduct Regulations 2014 of New Zealand.
- » This offer and the content of the offer document are principally governed by New Zealand, rather than Australian law. In the main, the Financial Markets Conduct Act 2013 of New Zealand and the Financial Markets Conduct Regulations 2014 of New Zealand set out how the offer must be made.
- » There are differences in how securities and financial products are regulated under New Zealand, as opposed to Australian law. For example, the disclosure of fees for managed investment schemes is different under New Zealand law.
- » The rights, remedies and compensation arrangements available to Australian investors in New Zealand securities and financial products may differ from the rights, remedies and compensation arrangements for Australian securities and financial products.
- » Both the Australian and New Zealand securities regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Australian Securities and Investments Commission (ASIC). The Australian and New Zealand regulators will work together to settle your complaint.
- » The taxation treatment of New Zealand securities and financial products is not the same as that for Australian securities and products.
- » If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.
- » The offer may involve a currency exchange risk. The currency for the security or financial product is in dollars that are not Australian dollars. The value of the security or financial product will go up and down according to changes in the exchange rate between those dollars and Australian dollars. These changes may be significant.
- » If you receive any payments in relation to the security or financial product that are not in Australian dollars, you may incur significant fees in having the funds credited to a bank account in Australia in Australian dollars.

WHAIRAWA MEMBERSHIP APPLICATION GUIDE

1. DETAILS OF ACCOUNT OWNER

The Account Owner is the person who is going to become the Whai Rawa member. If you are completing applications for a number of new members at the same time, you can just add all the address details on one application and write a note on the other applications confirming this.

The questions 'Your place of birth' and 'Your mother's maiden name' are used as security questions and will confirm that we are talking to the right person when discussing this account.

TAX DETAILS OF THE ACCOUNT OWNER

All members must supply a New Zealand IRD number or overseas equivalent or they will be taxed at the top PIR and RSCT rates. Members must supply these tax details within six weeks of joining the Scheme as detailed in *Section Two 'How does this Investment Work'*. If you are a NZ tax resident you need to declare PIR and RSCT tax rates to ensure the correct amount of tax is deducted from Te Rūnanga o Ngāi Tahu contributions and returns on your Account. You can choose to provide the tax information for the Account Holder now, or Whai Rawa staff can go through this information with you via email, or by giving you a call at a later date. To work out your rates and to find out more about these matters, go to www.whairawa.com/my-account/tax or contact us.

TAX DETAILS FOR AUSTRALIAN MEMBERS

If you are not a tax resident in New Zealand and have a New Zealand IRD number and provide this in your RSCT rate declaration, your RSCT rate will be 10.5%. If you are not a tax resident in New Zealand and do not provide a New Zealand IRD number in your RSCT rate declaration, the default RSCT rate of 39% will apply to any contributions of more than \$200 from Te Rūnanga. However, WRFL will automatically apply a concessionary rate of 10.5% to any contributions of \$200 or less. The taxation treatment of financial products in Australia is different to New Zealand. If you are an Australian tax resident, we recommend that you take advice from a suitably qualified tax adviser.
